PRODUCT DESCRIPTION

The LUWES floor lamp is a perfect lighting solution that works well in various spaces, such as living rooms, bedrooms or offices. The simple, classic and ergonomic design makes it not only a practical, but also an aesthetic addition to any interior.

The lamp is designed to operate at a voltage of 230V. The E27 thread allows the use of a replaceable light source with a maximum power of 18W. The lack of a bulb in the set gives the user complete freedom in

choosing the colour and intensity of light - from a warm, relaxing atmosphere to a cooler, functional lighting for work.

The ability to adjust the arm in two places and the movable lamp shade allow to direct the light beam in the selected direction. This makes it possible to both illuminate a larger space and precisely illuminate a specific area, e.g. a workplace.

The 3 m long cable with a built-in switch facilitates to place the lamp at a considerable distance from the socket without the need for an additional extension cord. The adjustable height of LUWES II ensures comfort of use. Designed for indoor use (IP20). The lampshade is made of metal, and the housing is made of steel. It is finished in black. Dimensions: Ø280×1820 mm.
