

MYRA

outdoor wall light, QPAR51, IP55, up/down, silver-grey, max. 70W

The wall light of the MYRA series is made from painted aluminium and glass, which covers the lamp. Thanks to the position of the two sockets which are fitted, the mounted luminaire produces two equal but opposite cones of light (UP/DOWN). With protection class IP55, it is suitable for outdoor use. The electrical connection of the luminaire, which comes in various colours, is directly to the 230V mains supply. The MYRA series includes other floor stands, display fittings and can therefore be used universally.
