

PHILIPS

Ceiling light

Functional

Ozziet CL570

White

Dim

8719514431904

One fixture. Two light zones. Three settings.

This sleek, slim, white ceiling light is designed to compliment any ceiling. The clean round lines of the main light are accented with a clever linear edge light. Both lights work together to create three unique 2,700 k cool white light settings for a beautiful even light effect. The lamp is available in three sizes, and therefore fits perfectly in any room of your house. It is completed with a handy memory feature that recalls your last setting. The Ozziet ceiling light looks as good off as it does on.

Designed for your living room and bedroom

- Perfect to relax and socialise

Match your interior

- Super slim design

Easy to experience

- Memorise your favourite mode for easy selection
- Easy installation

Light effect

- Dual zone light

Highlights

Perfect to relax and socialise

The living room is the heart of any home: a place where families gather to relax and guests socialise. Lighting for your living room and bedroom has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and gives the room a warm and welcoming feel.

Super slim design

Slim design is ideal for low-ceiling rooms, sitting flush against the surface.

Memorise your favourite mode for easy selection

Whether you prefer a warm glow for cosy evenings or a bright white light for focus, the system memorises your favourites for easy selection.

Easy installation

No more hassle with installation. Just fix or hang securely on the wall or ceiling, and plug it in. Your new light fitting is now ready to light up your room!

Dual zone light

Changing the ambiance in your room has never been easier. Philips' SceneSwitch Dual zone LED ceiling light lets you set the mood with three unique settings. The combination of main and linear edge light give you options that are perfect for your get together, concentrating and cosy moments. No dimmer or installation required – all you need is your existing switch.
