PRESTANCE

Soft heat radiator with smooth surface

The smooth surface disperses heat gently throughout the room.

Caster kit for mobile use

ADVANTAGES

The flat surface of this radiator emits a pleasant, gentle heat that is evenly distributed throughout the room.

New electronic control system with LCD display and optimised energy-saving functions.

- 3 pre-set programmes and 3 free programmes.

Property manager functions: PIN code control lock and set temperature.

PRESTANCE

Comfort & technology

1 Ultra-precise digital electronic control

Accurately controls the operation of the heating element to guarantee the desired level of comfort.

2 Heating element

The single-unit aluminium heating element prioritises sending heat to the front to ensure rapid distribution and even radiation. The smooth surface provides gentle heat throughout the room.

New user interface with backlit LCD display
